

HARVEYS LAKE YACHT CLUB JIB SHEET

SPECIAL NOTICE

March 19, 2020

In light of the current situation regarding the Coronavirus (COVID19) Pandemic, your Board of Governors has decided to make the following changes:

- The annual Launch/New Member Party scheduled for April 25th is cancelled.
- Commissioning Day will be moved from April 11th to **April 25th**. (details to come)
- For those of you that have already reserved the club for a private party prior to Memorial Day, and have been approved, we encourage you to cancel it. If you are not able to cancel at this point, please consider an alternative date after Labor Day. Or, call Brad at 570-262-1258 to discuss.
- **New** private party applications for parties being held prior to Memorial Day will be rejected.

Although things seem to be changing every day, for now, the club will be available for use after we get the boats out of the building on April 25th. At this time, please avoid bringing guests to the club. Voluntary and/or mandatory directives from the State and/or Federal Governments will dictate how we move forward. Check your email, the HLYC website and the HLYC Facebook page for updates.

In an effort to mitigate the spread of the Coronavirus, if you do plan to use the club after April 25th, please follow the CDC Coronavirus (COVID19) Guidelines (See link below), as well as any State or Federal mandates that are already in place.
